

The 2022 SJB Mile

For the second successive year, we are holding an ***SJB Mile Race*** for our P6 and P7 children next week. All children from the four classes are welcome to participate in boys' and girls' races which will take place at Malone Integrated College next Tuesday (24th May) afternoon. The top three runners in each race will receive a prize.

Roger Bannister crosses the finish line during his famous sub 4-minute race.

Non-participating children from the four P6/P7 classes will walk to Malone Integrated with their competing class colleagues to cheer them on during the races. Classes should return back to the school for 3pm.

On Monday, children interested in running the SJB Mile are asked to come to school in their PE uniforms as they will be involved in a practice run during school hours to help them appreciate the distance involved and understand the idea of pacing themselves. Please ensure they bring in a bottle of water on the day.
